Location: Sri Lanka

PROFILE

Computer Science undergraduate at General Sir John Kotelawala Defense University (KDU) with a strong interest in software engineering and web development. Currently developing skills in Java, Python, C++, JavaScript, databases, and object-oriented programming through academic and personal projects. Looking for opportunities to apply what I learn, work on meaningful projects, and gain practical experience in the software industry.

EDUCATION

BSc (Hons) in Computer Science <i>General Sir John Kotelawala Defense University (KDU) — 1st Year, 2nd Semester</i>	Present
G.C.E. Advanced Level Examination <i>Dharmaraja College Kandy — Sri Lanka</i>	2023
G.C.E. Ordinary Level Examination <i>Dharmaraja College Kandy — Sri Lanka</i>	2020

TECHNICAL SKILLS

Programming Languages: Java, Python, C++, JavaScript

Web Development: HTML, CSS, JavaScript, PHP

Databases: MySQL, SQL, MySQL Workbench

Concepts: Object-Oriented Programming, Data Structures, Algorithms, Database Design

Development Tools: Git, GitHub, VS Code, NetBeans, Code::Blocks

Currently Learning: Web Development, JavaScript, SQL, Git & GitHub

PROJECTS

Password Based Door Lock System with RFID Integration

- Smart security system combining password authentication with RFID card verification for controlled door access.
- Built with ESP32, RFID reader, keypad, ultrasonic sensor, LCD display and relay module, programmed in C++/Arduino.
- github.com/vidarshanabasnayaka023/password-based-door-lock-rfid

Personal Portfolio Website

- Responsive personal portfolio website showcasing skills, projects, education, and certificates.
- Built using HTML, CSS, and JavaScript.
- vidarshanabasnayaka023.github.io/my-portfolio/

CERTIFICATES & COURSES

Python for Beginners <i>University of Moratuwa — DP Education (Verification code: jdLz6DyCWD)</i>	2026
Web Design for Beginners <i>University of Moratuwa — DP Education (Verification code: W6oVMUEH2L)</i>	2026
Introduction to HTML <i>Simplilearn</i>	2026
